

OUR PROGRAM

We teach a style of training from Finland/Europe which incorporates cutting edge training techniques, the concept of 70% of players in motion, 30% resting (learn by doing), and small area games to practice the skills, mixed with North American work ethic, grit, aggressiveness, and determination. The training your hockey players will receive is cutting edge in skating, puck skills, off ice, and tactics. Our goalie program is goalie specific and the goalies will get individual coaching attention!

Our coaching staff are all a minimum of Pro/ College level. Beginners, intermediate, and advanced players are welcome!
